Professional Summary

A passion for frontend development and UI/UX design, dedicated to creating clean, intuitive, and visually engaging web experiences. Proficient in React.js, Tailwind CSS, and Figma, with hands-on project experience and a solid grasp of user-centered design principles. Eager to bring creative solutions and thoughtful design to a product-focused team through an internship.

Technical Skills

Skills: HTML5, CSS3, JavaScript, React.js, Tailwind CSS, MongoDB, Node.js
UI/UX Design: Figma, Canva
Tools & Others: GitHub, VsCode, Postman agent

Projects

Movie App

- Developed a **React Movie App** using **React.js**, **Tailwind CSS**, and **OMDB API** with features including real-time movie search, detailed movie pages, and responsive UI design.
- Implemented **global state management** using Context API and localStorage to handle favorites persistence, and used **React Router DOM** for seamless multi-page navigation.
- Practiced real-world development skills including **REST API integration**, environment variable management, event handling, and deployed the application live using **Vercel**.

Weather Data Visualization Dashboard

React, Vite, Tailwind CSS

- Developed a responsive frontend dashboard to visualize real-time weather data including temperature, humidity, wind speed, and rainfall.
- Integrated public weather APIs and processed raw data into structured, time-series formats for visualization.
- Implemented responsive UI using Tailwind CSS to ensure usability across desktop and mobile devices.

E-Commerce Store Platform

Shopping Application

- Developed a fully responsive e-commerce platform using **React**, **Tailwind CSS**, and **Node.js** with **Express** and **MongoDB**
- Implemented complete shopping flow including product catalog with search/filter/sort, product details, shopping cart, wishlist, and checkout with payment forms
- Built RESTful API backend with JWT authentication, password hashing, and user registration/login functionality
- Utilized **React Context API** for state management with localStorage persistence for cart and wishlist data
- Designed responsive layouts with modern UI patterns, smooth animations, and mobile-first approach for optimal user experience

Education

Nagarjuna College of IT

Bachelor of Science in Computer Science and Information Technology (BSc CSIT)

Kathmandu, Nepal
